Building Your Early Ed Pipeline

The Early Education Apprenticeship (EEA) program is the first of its kind in the region providing a career pathway in infant, toddler, and preschool education for aspiring educators living or working in Bosque, Falls, Freestone, Hill, Limestone, or McLennan counties.

Host sites benefit from developing a highly-skilled workforce that enhances program quality and drives business growth.

Apprentices benefit from paid on-the-job-learning, wage increases, and earning a Child Development Associate (CDA) credential, a MCC Early Childhood Educator (ECE) Level 1 certificate, and a Department of Labor (DOL) certificate.

Applications for our third apprentice cohort open in February 2025, with classes kicking off at MCC in June. Learn how to make skilled apprentices a part of your program today!
